

DISCOVER HOW YOU CAN MAKE A GLOBAL IMPACT

Hexagon Manufacturing Intelligence offers a comprehensive range of products and services for all industrial metrology applications in sectors such as automotive, aerospace, energy and medical. By empowering our customers to fully control their manufacturing processes, we enhance the quality of products and increase efficiency in manufacturing plants around the world.

Due to a maternity leave, we are looking for a
Intern as Junior EMEA Financial Controller

to support our HMI EMEA Finance Team in Glattbrugg between April-September 2017.

This role is for an enthusiastic, detail-oriented intern to take on responsibilities within the EMEA Finance group of Hexagon Manufacturing Intelligence.

Objectives:

- Support local entities meeting Reporting requirements and deadlines
- Assist with Budget, Quarterly Forecasts and Closing activities
- Preparation of management reports, financial and variance analyses
- Responsibility for ensuring the preparation and presentation to senior management of different financial statements
- Support for commenting on results
- Independent execution of periodic and ad-hoc evaluations
- Collaboration in various controlling projects

Requirements:

- Studying or just finished a University degree or an equivalent educational background in Business Administration or Economics (with strong focus on Finance/Controlling)
- 0-1 years' experience required
- Very good working knowledge of MS Office, especially Excel PowerPoint (knowledge of Hyperion/HFM would be advantageous)
- Very good analytical and problem solving skills
- Good presentation and communication skills
- The individual will be expected to work with some up-front guidance and take ownership of his/her work product. He/she should also be able to work cooperatively and collaboratively with all levels of employees and management to maximize performance, creativity, problem solving, and results
- Ability to plan, execute and deliver in a timely manner and work under pressure
- Fluent in English (verbal & written)

If you feel at home in a dynamic, international high-tech environment and you are ready to take the challenge at Hexagon Manufacturing Intelligence, please send your application to Melissa Schenk, Human Resources
