## IT Business Consultant (m/w)

**Location:** Männedorf (Switzerland)

We offer an attractive work place at our Consumer Goods Business (CGB) and Finance and Administration (F&A) Headquarters. In this position you will report directly to the Head of E-Business.

### WHAT YOU CAN EXPECT

Your main duties will be the following:

- Being part of building the bridge between business, operations and development
- Continuous configuration management, maintenance and extension of IT-infrastructure and application to serve business demands
- Automation and scripting
- Support of operational processes, maintenance processes and new projects
- Support of DevOps tool chain for extending the existing applications
- Being committed to business outcome first

### WHAT WE EXPECT

A motivated talent, who brings along the following background:

- Completed technical education or training for technicians (m/w), specializing in software engineering, project management or system administration
- Experience in IT infrastructure services and administration of installed software systems (SALT)
- Scripting know-how
- Experience regarding administration, orchestration and handling of standard tool chains (Jenkins, GIT, Sonar, Graylog, Nginx etc.)
- Know-how regarding e-commerce application servers (e.g. SAP Hybris E-Commerce, Intershop)
- Knowledge of Java, ORM APIs and relational databases
- Excellent command of English (spoken and written), any additional language is a plus
- Willingness to get into our tool and process landscape
- Excellent communication skills

### WHAT WE OFFER

Would you like to make a sparkling contribution and support our values by being imaginative, vigorous, passionate and responsible?

Does this sound like you? If so, we look forward to receiving your online application.
