## MANAGER GLOBAL PRICING CGB (m/w)

**Location:** Männedorf (Switzerland)

An attractive work place at our Consumer Goods Business (CGB) and Finance and Administration (F&A) Headquarters with about 500 employees. You will be responsible for achieving true pricing excellence to maximize the overall profitability of Swarovski CGB in the short, mid and long run by actively managing the prices of all CGB products across all countries CGB operates in as well as by proactively pursuing every opportunity for sustainable profit increase. You will be part of the Global Pricing team.

### WHAT YOU CAN EXPECT

Your main duties will include the following:

- Driving relevant pricing activities across the whole product lifecycle and all channels
- Supporting the Senior Pricing Manager in defining the recommended retail prices for all products and all relevant currencies
- Ensuring that novelty prices and price changes are implemented in all relevant IT systems (e.g. SAP) correctly and in a timely manner
- Maintaining all product prices in SAP and ensure accuracy and consistency
- Delivering correct prices to planning & communication teams/online in respective timing
- Responding to daily requests from markets (Price information, price adjustments, etc.)
- Checking and aligning all Duty-free prices with local price lists
- Communicating price changes to all relevant stakeholders
- Supporting the Pricing team in properly documenting relevant pricing processes and in any other system/process related assignments
- Continuously optimizing our current tools and systems, in collaboration with IT, to facilitate pricing maintenance and secure a clean database of the prices in the different currencies
- Collaborating with IT and process management teams to ensure implementation of improvement measures
- Fostering proactive, open and collaborative relationships with Product Marketing teams and other relevant stakeholders to refine and improve the current pricing processes

### WHAT WE EXPECT

A motivated, proactive and highly organized player, who brings along the following background:

- Previous experience in a similar role is preferred
- Strong practical knowledge of SAP and Excel is a must
- Ability to manage complexity and ambiguity
- Capability to set priorities, work under pressure and deliver to tight deadlines in a changing environment
- Pronounced service mentality
- Diligent and detail-oriented working style
- Strong team-player attitude, embracing diversity at all levels
- Excellent command of English (spoken and written)
- Solid stakeholder management and communication skills, paired with the ability to convince different stakeholders
- Strong team-player attitude, embracing diversity at all levels
- Excellent command of English (spoken and written)

## **WHAT WE OFFER**

Would you like to make a sparkling contribution and support our values by being imaginative, vigorous, passionate and responsible?

Does this sound like you? If so, we look forward to receiving your online application. Please apply via:
