

# Technology is driving change at unprecedented scale.

Today's top organizations are constantly seeking an edge to stay competitive, win new markets and create shareholder value. And with an influx of new digital innovations permeating our world at a rapid pace, we realize the task for today's business leaders is as great of a challenge as ever.

## Join our C-Suite Advisory team in Zurich.

For roles we currently have, we are seeking internationally experienced and highly motivated professionals that can design innovative solutions for our clients. If you have a passion for strategy, architecture and the latest technological break-throughs, you could be the right fit for the role as a

## Technology Strategist – Enterprise Architecture (m/f)

Level: Principal / Senior Principal

### Your responsibilities

- Continuously strengthening and enhancing service offerings in the area of technology strategy and architecture
- Growing our client base, proposal delivery and revenue
- Managing high-profile technology strategy engagements for our clients and ensure successful client delivery
- Supporting the practice lead in developing the vision for the C-Suite Advisory team in Switzerland and growing the team in terms of people, methodology and knowledge assets
- Coaching employees in the team regarding performance, career development, rewards and continuous personal development
- Working closely with the European team responsible to develop our service offerings in the C-Suite Advisory practice

### Your qualifications

- Higher education degree, e.g. in computer science or engineering with a strong secondary focus on business topics, MBA optional
- At least 5-10 years of relevant and recent experience in technology strategy consulting are mandatory
- A solid understanding of current and future technology trends
- A proven track record of shaping and selling technology strategy and architecture projects
- A proven track record of leading and delivering technology strategy and architecture projects
- A pragmatic approach to architecture, always focused on client value over theoretical arguments
- Solid industry experience in at least one major Swiss industry (e.g. banking, pharma, manufacturing)
- Strong management and people development skills in a highly international and cross-cultural work environment
- Willingness to travel and an excellent command of both German and English

We offer you a great opportunity within a dynamically growing consultancy. You will discover a truly global culture, highly dedicated and motivated colleagues, a cooperative work environment and interesting training opportunities. Innovative in your approach always thinking ahead – we love proactive self-starters and we want you to come in, work your magic and bring in fresh ideas for us to work on. Does this sound like you?
