

PMS Process Management System Sàrl is a small pharmaceutical **consulting** firm located in Fribourg. We are specialized in supporting pharmaceutical, biopharmaceutical or medical device companies to help them achieve their goals.

Title:

Pharma Consultant (m/f) 80-100%

Job Description:

- Scientific support in various domains such compliance aspects, regulatory affairs, validation, etc.
- Challenging and diversified scientific tasks such performance of risk analysis, development of conceptual design, implementation of quality concepts, etc.
- Independent activity in a pleasant environment (partially based on "home office" model, but also with sporadic travel to support regional, national or global clients, as necessary).
- Closely collaboration with clients to ensure positive impact and sustainable results.

Candidate profile:

- Bachelors or Master's Degree in life science, engineering or related scientific field.
- First experience in biopharmaceutical, pharmaceutical or medical device industry highly desired.
- Required languages: German, French and English.
- Strong communication and presentation skills, capable of listening and interacting effectively with clients, staff and regulatory agencies at all organizational levels.
- An enthusiastic person to join up a small structure to support, in multi-task way, consulting activities.

We offer you

- The possibility of developing and implementing innovative ideas within varied missions.
- A work environment guaranteeing you a harmonious balance between private and professional life prioritizing the model "home office".
- Continuous skill development and training.

This is an excellent opportunity for a proactive, results-oriented, self-motivating, and reliable professional who is looking to join a successful team.

Interested in this opportunity? Kindly send us your CV.

However, should you have any questions please contact Stéphane Gumy (phone 0041 79 512 43 16; email: stephane.gumy@pmsystem.ch).

We look forward to receiving your application.
