

Ready to take your next career step?

Hapa AG is the global leader in packaging printing solutions in the pharmaceutical industry. As a constantly growing Swiss company, Hapa employs over 190 employees at its headquarters in Volketswil ZH and in sales and service centers around the world. Hapa is part of Coesia, an expanding Italian group of innovation-based industrial solutions companies operating globally.

We are looking for an innovative & enthusiastic personality as

Project Engineer (f/m)

Main activities and responsibilities

- Contact with customers to help them develop an integration of a Hapa printer into their OEM machine. Document project specifications, and provide unique solutions to suit customer applications.
- Technically plan and lead the commissioning of new prototype machines (POC). Be present at the customer site to build the first machine together, be the "face" of Hapa.
- Technical Troubleshooting of existing customer machines and support finding solutions.
- Contribution to the technical innovation process by driving changes to Hapa products based on problems in the field.
- Evaluates new technologies and solutions and prepares recommendations for further developments
- Setting up tests, proving functionality of the machine and components. Work together with the Development Engineers to develop prototypes and set-up test beds.
- Help direct our documentation writer to create useful documents for our customers.
- Execution of benchmarks and feasibility studies as part of product development projects. Evaluate off the shelf solutions for possible improvements to the Hapa product line.

Your profile

- Bachelor in Engineering or similar education
- General Electrical, Programming and Mechanical Engineering Knowledge
- Hands on Electrical & Mechanical Skills
- Experience with Office applications
- Structured, analytical and methodical work style
- Solution orientated thinking and working
- Resilient, independent, team work orientated
- Diagnosis and Systematic thinking for diagnostics

Our offer to you

You can expect an interesting and very independent activity in a small and motivated team and in an innovative and successful company. Hapa AG offers you an attractive and future-oriented workplace with training opportunities and up-to-date employment conditions. Flat hierarchies and a great working atmosphere in a very collegial environment complete our offer.

Have we sparked your interest?
